WTSA-NL

Experience the marriage of beauty and durability as each Odyssey line fixture is built from solid brass and stainless steel and designed to last a lifetime.

Product Description

The Saturn offers soft level lighting with an elegant look. The frosted cylindrical lens minimizes glare while the 20 Watt Astro-Brite lamp provides sufficient light to cast a soft glow on any path or walking area. Ideal for walkways, the Saturn is also perfect for when planter areas need lighting. The adjustable settings give maximum design flexibility by creating numerous beam spreads with one fixture.

Reminiscent of a starry night, the Constellation features a star and moon pattern on an 8 inch cylindrical shroud. The aesthetic design creates a beautiful pattern of light on any pathway or surface area.
